

Administration and Communications

A Word from the Mayor

Following the rehabilitation of de la Montagne and White Roads in 2021 and 2022, it is now time for the much needed rehabilitation of Rouge Road, as well as Grace Road in order to rectify its water flow problems, mainly with the help of the TECQ 2019-2023 program, as well as the municipal building and its affordable housing for seniors. The purchase of a new truck (ambulance) to meet the needs of our intermunicipal first responder service is also planned. These projects are not new and their realization is long overdue.

The new normative measures for a planned development of the territory, as initiated in May 2022 by the modification of the urban plan of the municipality of Arundel, have recently come into effect, through a summary revision of certain land use densities and the implementation of planning tools and flexibility criteria, in order to ensure a progressive and socially acceptable development of the territory, if applicable. In the coming months, the public will be asked to consider the issue of short-stay rentals in primary residences.

The new council elected in 2021 and the team of municipal employees, most of whom were renewed in 2022, are working diligently to carry out these and other priority projects in 2023.

Pascale Blais, Mayor of Arundel

Welcome to our New Residents

The Municipality is pleased to welcome our new residents who have recently moved to Arundel.

We invite you to visit our New Resident web page to learn more about Arundel and the services we offer. Visit www.arundel.ca in the New Residents section.

For municipal news, visit our Facebook page.

Recreation, Culture and Community Life

Financial Assistance Program for Activities

Did you know that the Municipality of Arundel offers a program for the reimbursement of additional fees charged by another municipality for the registration of a physical or cultural activity?

Upon presentation of proof of residency and the registration fee invoice, non-resident fees are reimbursed up to \$300 per child and \$200 per adult. For a maximum amount of \$600 per family.

For more details visit our website, under the [By-laws, Programs, Policies and Orientations](#) section.

Library hours

Wednesday: 10 a.m. to 2 p.m.
Saturday: 10:00 a.m. to noon

The library offers books in English for all age groups, reference books and some periodicals. French books are available for children at all times.

My library

Books, magazines and digital resources are always available free of charge at [Ma BIBLIO à moi](#).

Urban Planning and Environment

Temporary car shelters

Temporary car shelters are permitted between October 1 and May 1.

Only canvas, synthetic canvas or any other similar covering and only canvas, synthetic fabric or other similar covering and removable painted panels are accepted as covering. This covering must be of uniform color, without stain and without perforation.

Permits

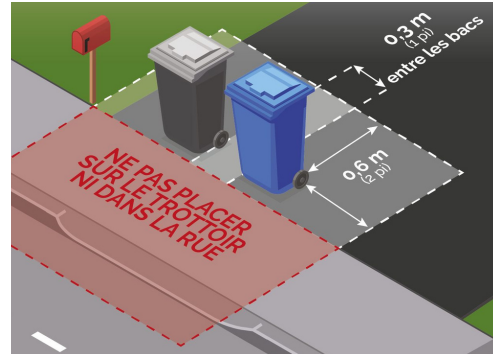

It is important to verify if a building permit is required before undertaking any type of work.

You can contact the Urban Planning Department at servicestechniques@arundel.ca or at 819 681-3390, extension 5600.

Residual materials

The collection schedule is available on our website under the [Residual Materials](#) section.

Positioning of Wheeled Bins

Best practices for the various collections:

- Put your bins out the day before
- The bins must be placed at the curb, inside the private entrance
- A one-meter perimeter must be cleared around the bin
- No vehicle should be parked near the bin

Civil security

A building number visible at all times

A building number is not only a decorative or useful element for the post office. A visible number allows emergency services to quickly locate a building. Knowing that every second and every minute counts in an emergency situation, it is important to ensure that your building number is clearly visible.

Stay informed with Telmatik

The Municipality occasionally needs to reach citizens quickly, especially when it comes to civil security issues. To do so, we use the Telmatik computerized call system.

We encourage all citizens who are not yet registered with Telmatik to send us their contact information at info@arundel.ca or to call us at 819 681-3390, extension 5600.
