

Public Notice: Roadwork on *Chemin de la Rouge*

What is happening?

The township of Arundel is undertaking major roadwork on *Chemin de la Rouge Road* as of September 16, for a distance of three (3) kilometers from the border of the township of Harrington. The project is expected to last for less than two months and will involve foundation improvements, gravel resurfacing, and drainage improvements. Some tree and brush pruning at certain locations will be required to improve safety. Please note that works on the balance of the road are expected next year.

How will this affect traffic?

Chemin de la Rouge will not be closed during the construction period, but some areas will be accessible to vehicles in alternating directions, controlled by flag persons or temporary traffic signals. Residents should expect temporary delays and reduced speed limits in the work zone. We advise motorists and cyclists to use alternative routes if possible, and to follow the signs and directions of the workers on site.

Will I be able to access my entrance?

The township is committed to ensuring that homeowners along *Chemin de la Rouge* will have access to their entrances throughout the construction period. However, there may be times when the entrance is temporarily blocked or restricted due to the work activities. In such cases, the contractor will notify the homeowners in advance and provide alternative access arrangements.

Where can I get more information?

For more information, please contact the town hall at telephone number 819-681-3390 or by email info@arundel.ca. We appreciate your patience and cooperation during this project.

PS: please consider signing up to the town's Info-Activities mailing list found on the home page of the township's website www.arundel.ca
